

MAKE A DIFFERENCE. JOIN PFAC

Patient and Family Advisory Council (PFAC) plays an important role in supporting organizational efforts and practices that improve quality, efficiency, and patients' and families' experiences at Spanish Peaks Regional Health Center. They accomplish this by functioning as an advisory resource to the administration and staff of SPRHC.

Our PFAC is comprised of volunteers from the community, along with a small number of staff members. The Council currently has a limited number of member openings and you're invited to apply! PFAC is looking specifically to add front-line team members from the hospital, clinics, and shared services.

Volunteers must be willing to attend quarterly PFAC meetings (held in the SRPHC Conference Room) and to share their time, insights, and ideas with the group. Members should have a passion for serving the community and advancing our goal of serving Huerfano County and beyond.

To learn more about this opportunity and to apply:
